

## Message from Headteacher - Uniform Requirements for w/c Monday 5th September

Due to difficulties faced by the suppliers Price & Buckland I would like to reassure parents/carers as to how we will address uniform during the week commencing 5th September. Those students awaiting the delivery of trousers should attend college wearing appropriate formal black trousers. If this is not possible then please send your child in the most appropriate trousers you have available and we will address this issue and contact you during the college day to discuss a solution.

Those students awaiting delivery of a college blazer should, where possible, attend wearing last year's college blazer. If this not possible then attending with no blazer is acceptable.

Those students awaiting delivery of a PE top or PE sweatshirt should use a suitable black/dark coloured sports top in which they can participate in PE lessons.

We have been informed that there have been no issues in the supply of shirts or ties so expect all students to attend wearing these items, along with suitable school shoes.

A reminder that students in Years 8-11 do not need to wear items of uniform with the new college logo and old uniform is acceptable.

I would like to reassure parents/carers that we will not penalise, sanction or isolate those students affected by Price & Buckland difficulties. Please could I take this opportunity to once again thank you for the support and patience you have shown in purchasing the new college uniform.

Mr Ian Wingfield, Headteacher
